## 15 DAY DARWIN TO BROOME

### Itinerary

#### DAY 1 DARWIN

You can arrive in Darwin at any time today. In the evening, perhaps get to know some of your fellow travellers at one of the nearby cafes, while we prepare for the adventure that lies ahead. (No meals)

#### DAY 2 NITMILUK GORGE & KATHERINE

Departing Darwin at approximately 7am we travel south to the natural spring of Edith Falls. After a break and a refreshing dip, we head for the remote outback town of Katherine, home to the spectacular Nitmiluk Gorge. This inspiring natural wonder comprises 13 different gorges, carved over a millennia by the Katherine River. On an afternoon NitNit Dreaming Cultural Cruise, we explore two of these gorges and discover the customs of the traditional land owners, the Jawoyn people. (LD)

#### DAY 3 LAKE ARGYLE

We continue west along the Victoria Highway and cross the border into Western Australia as we travel to expansive Lake Argyle, the heart of the Ord River Irrigation System which has transformed this dry region into a lush agricultural oasis. Visit the historic Durack Homestead Museum or take on one of the many bush trails to explore the area. The sunset cruise on the lake is a stunning way to end the day. (BL)

#### DAYS 4-5 PURNULULU NATIONAL PARK: BUNGLE BUNGLES

Head south down the Great Northern Highway to Purnululu National Park, home of the magnificent Bungle Bungles. Two nights here allows a full day to explore the highlights of this extraordinary National Park, the most famous of which, are the Bungle Bungle domes. Rivers created this landscape of unique orange and black striped 'beehive' geological formations over a period of 20 million years. Unbelievably, only the locals knew it existed until the early 1980's; once discovered by others, the area was made a national park in 1987. We explore Echidna Chasm (2km), known for its towering Livistonia Palm trees, and take a short walk (2-3km) into stunning Cathedral Gorge, where towering rocks create a natural amphitheatre. There is time in the afternoon to take an optional scenic helicopter flight and enjoy a birds-eye view of the beehive domes (approx \$450pp, own expense) to put it all into perspective. (BLD/BLD)

#### DAYS 6-7 EL QUESTRO WILDERNESS PARK

Two nights here allows free time to join one or more of the many activities on offer. This could include a refreshing dip in the

Zebedee Springs, a cruise on Chamberlain Gorge, a bush tucker walk or a bird watching tour. Or simply explore this beautiful wilderness park at your own leisure. (BLD/BL)

#### DAY 8 DRYSDALE STATION

Drysdale River Station is an oasis in the outback. This million acre, family owned and operated cattle station, runs approximately 10,000 head of cattle and lies in the North Kimberley on the Gibb River Road. Hanging out in the true blue Australian outback means you have all the magical scenery and feeling of isolation you could ask for. On arrival you may wish to explore the nearby surroundings or sit back and enjoy a cold drink in the beer garden, warm yourself around the log fire in the cool night air. (BL)

#### DAYS 9-10 MITCHELL PLATEAU

Our two day diversion to the majestic Mitchell Plateau is a highlight of the trip. Enter real 4WD country as we travel the rugged Kalumburu Road then turn off onto the Mitchell Plateau Track. After crossing rivers and passing through ancient Livistonia palm forests, we emerge from the savannah and onto the Mitchell Plateau. With two nights camping in the National Park, we trek to Little and Big Merten Falls, take a dip in pristine plunge pools and view Bradshaw rock art. Return to camp on a short helicopter flight for a bird's eye view of this extraordinary landscape. (BLD/BLD)

#### DAY 11 MT ELIZABETH STATION

Descending from the plateau we travel to the Mt Elizabeth Station Homestead, where you will be able to enjoy the scenery and see what Kimberley cattle station life is really like. Surrounded by water spots, rocky rises and grasslands, you will be sure to take a great photo, enjoy bush walks and settle in for a lovely evening in the Kimberley outback. (BLD)

#### DAY 12 SILENT GROVE

Discover lily-laden Galvans Gorge, and the tranquil retreat of Adcock Gorge, pausing for a refreshing swim on our way to Silent Grove. The afternoon is devoted to exploring Bell Gorge, a hidden highlight of the West Kimberley. This idyllic retreat, considered amongst the most beautiful in the area, boasts cascading waterfalls and crystal clear pools formed over millions of years – an easy place to while away a few hours! (BLD)

#### DAY 13 WINDJANA GORGE

Once a Devonian reef, these mountains are over 350 million years old and home to a diverse array of animals and plants. The perfect place to experience the stunning

natural beauty of an outback oasis is the 3.5km geological wonder of Windjana Gorge. Beneath gorge walls rising 90m, we search for freshwater crocodiles, local birdlife and Indigenous bush tucker before setting up camp. (BLD)

#### DAY 14 TUNNEL CREEK

The morning is spent exploring Tunnel Creek, a 750-metre cave system carved through the Napier Range, in which we discover stalactites, secret caves and a large variety of wildlife. It is here we also learn the legend of Jandamarra, an Aboriginal freedom fighter who used the tunnel as a hide-out in the late 1800's. A refreshing swim in an idyllic waterhole is a highlight of the day. After lunch, we return to the Gibb River Road and visit the Derby 'Boab Prison Tree' before completing our journey to Broome. (BLD)

#### DAY 15 BROOME

You are free to depart Broome at any time today. If you have more time we recommend you consider a Broome Sights town tour to discover the secrets of this fabulous outback town, or take a trip up to Cape Leveque for a day. (B)

**Note: Maximum bag weight limit is 15kg - no suitcases**

### Itinerary Notes

**Fitness Level: Advanced**

This itinerary involves some clambering over rocks, wading in water by torchlight, walking on rocky creek beds that are unstable underfoot and ascending/descending into gorges. The ability to swim and a reasonable level of fitness and being sure on your feet is required to participate.

Western Australia is a big state, so travelling significant distances is necessary to fully experience the highlights. You will soon discover that they are well worth the journey.

### FREE Hotel Pick Up

Kimberley Wild offers free pick up from selected hotels in Broome and Darwin, 6.30am - 7.30am. Please advise where you are staying and let us know if there are any changes. We appreciate your patience if we are running a little late. You being there on time will help make sure we are! Have your mobile phone turned on in the morning in case we need to reach you. Call 1300 73 88 70 if you are concerned you have missed pickup.

### Tour Style

This is a Kimberley Expedition: perfect for those seeking to experience the real Kimberley in depth - either with comfortable Camping or making the most of basic upgrades where available on the Camping Plus option.

### Important Notes!

1. It is essential that you call the Kimberley Wild office on 9193 7778, the day prior to departure to confirm pick up, and provide a mobile number for any late notifications.
2. Departures are all subject to regional weather conditions and road closures - usually only a concern in Apr & Oct / Nov.
3. Space in a 4WD is limited so please keep luggage light - bring only essentials in a small soft bag. MAXIMUM 15kg. Suitcases are NOT suitable. Excess luggage must be left in Broome or sent to a forward destination.
4. Due to distances covered, this trip involves early departures on some morning and frequent stops between destinations.
5. Kimberley Wild reserves the right to assess the fitness capability of passengers prior to tour departure.
6. It is your responsibility to advise Kimberley Wild if you have any dietary requirements or medical conditions (including allergies).
7. It is important that travellers participate in setting up camp each night, though the guide can assist where necessary. Kimberley Wild guides also appreciate the assistance or one or two group members in preparing/clearing meals. It is essential that all our groups leave the camps they stay in as they found them for the next travellers - the Kimberley is a pristine wilderness and it is our responsibility to ensure it stays this way.

### Vehicles

4WD tours are operated in custom-built, 21-25 seat 4WD trucks with a PA system and built-in storage (no risky trailers!). These comfortable, strong remote area vehicles allow our small groups extra space (including standing room), are fully air-conditioned and fitted with adjustable air-vents, reclining seats, map pockets and footrests. It is important that when booking a 4WD outback adventure in the Kimberley, you understand that the roads we travel on can be heavily corrugated. Rest assured, these are the conditions for which our 4WD trucks are designed.

### Power & Phone Reception

Telstra users will get phone reception in most towns and the occasional remote hot spot. There will be long stretches where we are out of phone range. Power points will be accessible on most nights for recharging cameras and other electronic equipment.

### Travel Insurance

It is essential that you have travel insurance that covers medical expenses, including emergency repatriation. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects.

### Alcohol

Alcohol is not provided. Travellers may bring a personal supply if desired - preferably no glass bottles as wine cannot be purchased in Broome. Enroute, alcohol can be purchased in some locations. Note: alcohol restrictions are in place throughout the Kimberley.

### Climate

The Kimberley has a Wet Season (DEC to MAR) and a Dry Season (APR to NOV). During 'the Wet' most 4WD roads and National Parks are closed. Our tours operate during 'the Dry', when it can get surprisingly cold overnight, depending on where you are - in Broome it can get down to 12°C, while in Purnululu, it can fall as low as 5°C! During the day, we usually enjoy 28 to 30°C. Note: in September and October, as 'the Wet' approaches, temperatures increase accordingly and it can be very hot during the day. It is essential that you are prepared for this - ask our office for advice prior to booking.
